Penn State provides a climate of equal opportunity to all of its programs, activities, and services, and is in full compliance with the Americans with Disabilities Act (ADA) as amended in 2008 and Section 504 of the Rehabilitation Act of 1973. University housing provides accessible housing for a student with disability as defined by these laws. The student must provide documentation from a licensed, qualified professional that substantiates that the student has a physical or mental impairment that substantially limits a major life activity and that the requested accommodation is necessary to afford the student equal access. A student who requires a Service Animal or an Emotional Support Animal should complete the appropriate request form that is available at [www.hfs.psu.edu/medical-accommodations](http://www.hfs.psu.edu/medical-accommodations).

The Request for Reasonable Accommodation form will be reviewed by a healthcare professional at University Health Services (UHS), Counseling and Psychological Services (CAPS), and/or Student Disability Resources (SDR), who will make the determination as to the validity of the request. The student will be informed of the final determination by email within 1-2 weeks after the initial submission of paperwork.

- The student must have an accepted Housing and Food Service (HFS) Contract or be on a Waitlist before submitting a Request for Reasonable Accommodation form. The request will not be processed if the student does not have a HFS Contract or has not added his or her name to the Waitlist.

- A Request for Reasonable Accommodation may be submitted at any time, but for HFS Contract preferences (housing area, roommate) to be considered for assignment, the following deadlines apply:
  
  | Summer Session: | June 1 | Fall Semester: | June 15 | Spring Semester: | December 1 |
  
- The reasonable accommodation will supersede any preferences indicated on the HFS Contract.
- If the Request for Reasonable Accommodation is received after room assignments are posted, the University reserves the right to reassign the student to a space that will meet the accommodation required due to a disability.
- Reassignments will only accommodate the student requiring the medical need, and not any requested roommate(s).
- If a determination is made for assignment to a room type that is not immediately available, the student will be added to a Waitlist and will be given priority for reassignment to that room type as soon as a vacancy exists.

- The reasonable accommodation immediately takes effect once the determination is made, based on space available. Paperwork cannot be submitted for future semesters without addressing the current assignment, and a request to hold a reassignment will not be honored.

- Room Assignment Changes
  Once a student has been assigned to a room that meets the student’s accommodation, the student may be limited in being assigned to another room. Should the student wish to move to another room where the medical need cannot be met, the student must verify, in writing to the University, that he/she is requesting to move to the specific room, that he/she understands that the accommodation cannot be met in the selected room, and that if the accommodation would be required for future semesters, the Request for Reasonable Accommodation will need to be resubmitted and reevaluated.

- Accommodations for Air Conditioning at University Park
  Air conditioned rooms have been established throughout the different housing areas on campus.
  - A first-year student who has a medical condition that requires air conditioning will be assigned to pre-determined room, including traditional double rooms and supplemental housing rooms that have air conditioner units installed. Students are not automatically moved to a renovated building. Assignments are processed in the date order from when the offer of admission was accepted. Air conditioners will not be removed from the room at any time.
  - Air conditioned space in traditional residence halls for upper-class students is limited. Upper-class students are encouraged to participate in the request process for the other housing options that offer air conditioning: renovated residence halls, Eastview Terrace, Nittany Apartments, White Course Apartments, Nittany Suites, and North Suites.
